Riders who have qualified for a 250SX license through the AMA Road to Supercross have two competition seasons to apply for their licenses before they will have to requalify. For example, a rider who qualified for a 250SX license during the 2024 AMA Road to Supercross season may apply in 2025 or 2026. To apply for a 250SX license, after acquiring the necessary number of points, go to the "Online Registration" tab at [amasupercross.com](http://amasupercross.com).

AMA-licensed riders who have not competed in AMA-sanctioned events for a period of three years may lose their prior classification.

Applicants renewing a license that expired more than three years ago must meet present requirements for a Supercross license. This requirement may be waived under special circumstances through an appeal made to the AMA.
